HABIBA MANZOOR

Software Engineer
(Flutter Developer)

📞 (+92 336) 8712658   ✉ habiba.m2018@gmail.com   in www.linkedin.com/in/habiba-m

OBJECTIVE

To pursue my career as an outstanding professional in a challenging and dynamic environment where I can gain knowledge and upgrade my skills to achieve the organization's goals.

EXPERIENCE

Android and Web Application Developer, MMHAQ Technologies   2021 - present
Responsibilities:

- Collecting, and analyzing the software requirements as well as designing, constructing, and testing end-user applications that meet client needs.
- Documents and demonstrates solutions by developing documentation, flowcharts, diagrams, charts, and code comments.
- Database design provides up-to-date, accurate information to meet the project requirements, and easily accommodates change. The database designer determines what data is stored and how the data elements are interrelating.
- Business logic manages communication between an end user interface and a database.

PROJECTS

Nawaz Store Application, MMHAQ Technologies   Feb 2023

- The Nawaz Store E-commerce (electronic commerce) application provides the facility of selling grocery products.
  Technologies used: Flutter, Dart, PHP, MySQL
